Summary

I'm a UI/UX Designer with innovative and strategic experience in delivering intuitive and visually appealing digital products with 3+ years of hands-on experience. Strong design systems and Figma skills, with expertise in user-centered approaches, and a focus on solving intricate design challenges through research, prototyping, and iterative processes. Experienced in working with cross-functional teams to develop scalable, accessible, and performance-based user interfaces. Familiar with dynamic theming, design tokens, and new technologies such as generative AI. Renowned for transparent communication, flexibility, and a firm commitment to providing value-driven design solutions within tight timelines.

Experience

MST Networks, Visakhapatnam — Visakhapatnam
UI/UX Designer Engineer — Jan 2025 – Present
